

Sistema porta de correr SP800 K1400CZ

hardt

Componente

Item	Componente	Quant.
1	Carrinho Superior com amortecedor	01
2	Carrinho Superior	01
3	Placa Freio	02
4	Suporte Carrinho	02
5	Guia metálica com rolamento	01
6	Parafuso M8x35 Carrinho	02
7	Parafuso AAC4x25 Placa de fixação	12
8	Chave de Regulação	01

Dados do Produto

K1413AL Trilho Superior	3m
K1415AL Trilho Superior	4m
Capacidade de Carga	65/80Kg (porta)
Acabamento	Cinza

*Trilho fornecido separadamente

Dimensões necessárias

Instalação

1 Insira as Placas Freio no canal superior do trilho. (A fixação será feita posteriormente)

2 Insira os Carrinhos no trilho.

3 Fixe o trilho no vão utilizando 1 parafuso a cada 250mm. Recomendável escariar o furo antes da fixação.

4 Posicione e fixe as Placas Freio conforme as medidas indicadas.

5 Posicione a porta encaixando o canal inferior na Guia.
